

Editorial: *Miguel Ángel Goberna*

## ESTADÍSTICA

- A Note on Optimal Intervals in Normal Populations, *José Gavilán and Francisco J. Ortega*

## INVESTIGACIÓN OPERATIVA

- Generalized convexity: Their applications to multiobjective programming, *Rafael Osuna-Gómez, Beatriz Hernández-Jiménez, Antonio Rufián-Lizana and Gabriel Ruiz-Garzón*
- Generalized convexity: Their applications to variational problems, *Rafael Osuna-Gómez, Beatriz Hernández-Jiménez, Antonio Rufián-Lizana and Gabriel Ruiz-Garzón*

## ESTADÍSTICA OFICIAL

- DEPORTEdata. Use of statistical and administrative information, *María Ángeles Pérez Corrales*

## HISTORIA Y ENSEÑANZA

- Bringing R to non-expert users with the package RKTeaching, *Alfredo Sánchez Alberca*
- Since Prehistory to Dynamic Stochastic Models, *Mariano J. Valderrama*

## OPINIONES SOBRE LA PROFESIÓN

- Its forbidden to use p-values!, *Elías Moreno and Mathieu Kessler*

- Reliable software, Concepción Arenas and Francesc Mestres
